FROZEN MOMENTS

Anyone who has ever taken a photo or anyone who has ever walked a beach is aware that there is never a second chance. You can photograph the same subject many times but never once duplicate the play of light or sky or foliage. No wave is like any that has ever come in before and the sun never again will shine as now; this second. That is the reason to seize the moment if it is somehow unique. Ned's Point has been captured many times and will be again, but never again will there be a photo exactly like this and no ripple will duplicate the one below.

MATTAPOISETT SELECTMEN'S MEETING
SEPTEMBER 26, 1989-by VIRGINIA MORGAN

Selectmen last Tuesday met with Mr. Richard J. DeTucci, Chairman of the Recreation Committee, to make plans for the fiscal 1991 budget proposal. The Board asked that the Recreation Committee submit a bare bones budget in January which the Selectmen and the Finance Committee will review and make a recommendation for an override at the April election.

Selectmen Chairmen Bernard F. Talty explained this year's (fiscal 1991) budget was reduced from $44,000 to $6,790, with the result the beach program and most of the athletic programs were cut. Next year, Mr. Talty said, they plan to put the override questions on the April 4th election ballot. "If money is not available, we can vote an override before the annual town meeting. The ballot override questions will have to receive affirmative votes at the town meeting. Everyone understands the beach and band concert issues. We will support the beach program if we can get the town to support it," the Chairman said. It was pointed out by Chairman Talty that the Recreation Committee needs to appoint summer employees before they seek jobs in other places; "we have to make a commitment and must have the money to hire summer people before the season begins."

Selectman John DeCosta said swimming lessons are important to the young people and stressed safety is the most important factor at the beach. Selectman William F. Hubbard said there has been no wasted funds at the beach. He too stressed lessons are important. "Don't sell the kids short", said Mr. Hubbard.

Mr. Talty added that the bathhouse build-

ing is in need of repair. It is the Selectmen's responsibility to repair the buildings and not the Recreation Committee. The Board instructed Building Inspector Andrew J. Bobola to check the bathhouse as to what repairs are needed inside and out and to prepare specifications for repair work next year.

Both Mr. DeTucci and the Selectmen agreed the beach program and the recreation sports program should be separate line items when requesting funds. Mr. DeTucci said if the committee can pull the MYAA (Mattapoisett Youth Athletic Association) into the transition in the town programs maybe they could help. He said the Recreation Committee is concerned about the continuity in the girls' and boys' basketball program and is recommending a commissioner; there would be no salary, but just a fee for services set up similar to using a referree for games.

Selectmen also noted there will be a vacancy in the seven member Recreation Committee. Anyone interested in serving should submit an application to the Selectmen's office.

In other business, Selectmen:

APPROVED THE TRANSFER of a wine and malt license from Robert Clarkson to Mark F. Koran of Nashua, New Hampshire, new owner of the Mattapoisett Chowder House on Route 6 (New England Chowder House, Inc.). Mr. Koran, who will also serve as manager, said the operation of the restaurant will remain the same as under Mr. Clarkson. The new owner has had 17 years' experience with McDonald's and is looking forward to the change. Mr. Clarkson will continue to operate the Fairhaven Chowder

PRESENTED Certificates of Appreciation to two former members of the Conservation Commission, who recently resigned:

Mr. James A. Shepley, who served 18 years on the Commission, and Ms. Eileen Sargent, who served 10 years and also served as its secretary. Speaking for the Selectmen, Chairman Talty commented "your years of public service didn't go unnoticed. We all thank you for your dedication."

RECEIVED A LETTER from Mr. Edward Wood, Jr., summer resident of Ned's Point Road, in which he and his wife expressed their views on land use policy and prospective changes in general, and expansion plans of the Mattapoisett Boatyard, in particular.

Mr. Wood writes, in part, "I urge that no steps be taken in implementing new land use policy that will break down land use patterns and open up village and waterfront - from the lighthouse through the town center and out onto the Neck - to commercialization. Those who own waterfront residential properties which they feel they must sell must be held to an acceptable residential standard if they wish to subdivide. Those who buy such properties must be given no expectation that they can destroy the town's character by installing commercial

"In the case of the Mattapoisett Boatyard, the original owners bought the property, then residential, about 1947 when there were no municipal restrictions and when no one could foresee a residential boom. They created a small, non-conforming, commercial boatyard in the heart of a prime residential area which, in retrospect, was a bad mistake in planning (but uncontrollable at the time). Since then, the immediate area has grown greatly, with many fine homes having been built inland from Ned's Point Road toward Pine Island and Marion Roads. The present owner knew all this when he bought the property and knew that zoning and planning controls were being established on which the neighborhood depends and that his use, 'though possibly grandfathered', was not conforming and antagonistic in a residential area.

"I strongly urge you to permit no shortcuts or accommodations in the matter. There is no justification - certainly no 'hardship' to be relieved - in permitting the boatyard property to expand into a marina, which is a very different usage night and day, and one which will beam intolerable intrusion to the surrounding neighborhood. directly affect the people in Mattapoisett who intend to sell or use illegal drugs near school, and who attempt to use driver's licenses illegally.

The laws include: 1. The Drug Free School Zone law requires a two-year mandatory sentence for anyone selling drugs within 1,000 feet of school property. 2. A second law directs the Registrar of Motor Vehicles to suspend for up to five years the driver's license of anyone convicted of any drug offense, including possession. 3. The false identification law revokes a driver's license, at the discretion of the Registrar, for six months for anyone caught using a falsified driver's license to illegally obtain alcohol or for any other illegal purpose.

Drug Free Zone signs are available through the Governor's Alliance.

MATTAPOISETT SELECTMEN
PROCLAIM FIRE PREVENTION WEEK
OCTOBER 8-14

The Mattapoisett Board of Selectmen at their October 3rd meeting intend to issue a Proclamation on behalf of Fire Prevention Week, October 8-14.

Firefighter Evelyn A. Ellis met with Selectman last Tuesday, September 26, to outline the events planned for the week to be conducted by the Fire Department firefighters. She said this is the third year the Fire Department has conducted the program; this year will see an expanded program with Old Hammondtown School students involved in the events.

On Sunday, October 8th, from 1 to 4 p.m. there will be an Open House at the Fire Station. On display will be the new fire truck. Posters being made this week by students at Center School will be judged by Selectmen and firefighters on Friday, October 6th. The posters will be on display at the Open House.

Tuesday, October 10th, at 1 P.M., on the Center School grounds the children will participate in a parade to which the public is invited. Students will march displaying their posters. A special attraction will be Captain No-Burn and Hector the detector. Prizes of functional smoke de-

tectors in the shape of fire engines and animals dressed in firefighting gear will be awarded at this time. In the event of rain, the parade will be eliminated.

Wednesday, October 11, at 1 p.m. at Old Hammondtown School inside the building, firefighters will conduct a Game Show with three teams, one for each class at which students will be asked questions on fire safety. Prizes will be awarded to first, second and third place classrooms.

Mrs. Ellis explained the theme this year of the National Fire Prevention Association is "Big Fires Start Small". She said the Dunn Insurance Agency donated the fire prevention educational material and the Lions' Club donated the prizes. She added that she hoped parents and general public would attend the October 8 Open House and the October 10 Center School parade with children and their posters.

For many the word "duty" has little meaning or relevance. In a self-centered society we are not expected to work where we gain nothing or will not be recognized. Can we go beyond a concern for our own advancement and see the urgent need to work for or advocate something greater than ourselves.

Won't you join us at the Mattapoisett Congregational Church on Sunday, October 8th, at 10:30 a.m. The title of Rev. Raymond Patch's sermon will be "With No Timidity". All are welcome.

Whaling Museum Lecture

The Whaling Museum will present its fall Helen Cook Memorial, "In the Wake of the Portuguese Navigators", on Thursday, October 19th, at 8 p.m. in the Museum Theater.

The speaker will be Michael Teague, an English scholar and photo journalist. He will give an illustrated lecture on his trips following the routes of the early Portuguese explorers.

Prince Henry the Navigator, in the first decade of the 15th century, established a base at Sagres in southwest Portugal and dispatched explorers who worked their way to the Cape Verde Islands by 1444. He laid the groundwork that culminated in the great explorations of the 15th and 16th centuries and the empire that resulted.

Michael Teague has retraced some of these voyages. His lecture will present pictures of the buildings and ruins that still exist on both coasts of Africa and in India, China and Japan.

Mr. Teague's interest in Portugal and the Portuguese began while he was a student at Oxford 30 years ago. He has lived in Angola, Lisbon, Brazil and now resides in New York City where he is secretary of the American Portuguese Society.

The lecture is free to members; non-members, $5.00.

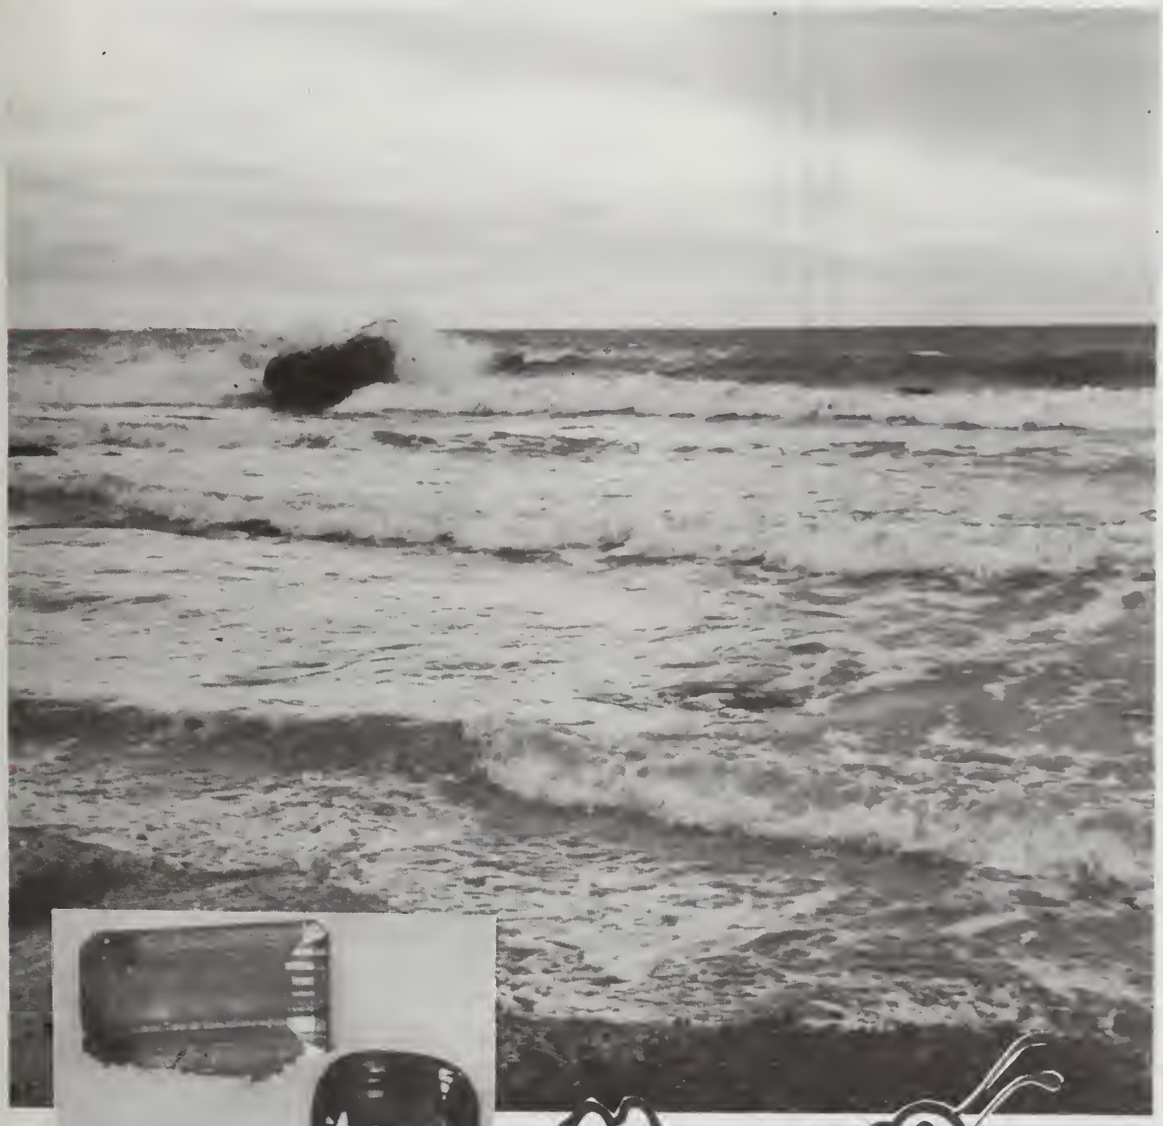
WE HAVE BUGS.

That's right. Two bugs ...



100 million years ago, at the edge of the Baltic Sea, two bugs became suspended in the resin of prehistoric trees, resin which is now beautiful amber.

Amber red to yellow in color, one amber cabochon holds a termite suspended through all these eons. The other cabochon cut amber holds a large cricket.

These are one-of-a-kind pieces sure to increase in value.

Come and just look if you're interested in seeing first hand something from the ice age.

They're fascinating!

SEMINAR FEATURES NOTED HISTORIAN AND GEOGRAPHER

"The Twice-Born Past", a lecture by noted geographer and historian David Lowenthal highlights a seminar, "Imagination and the Historian", to be held in the Plimoth Plantation Visitor Center on Saturday, October 14.

Dr. Lowenthal's "marvelously entertaining book", The Past is a Foreign Country, was heralded by Cornell University historian Michael Kammen as "a brilliant contribution to our understanding of the present". In his talk at the museum he will continue his highly original "meditation on the misuse of the past in contemporary culture" (Kammen) and the challenges posed by any attempt to recover and recreate the past.

eye talk

Q. My husband had two fender-bender accidents recently. Could his vision be at fault? He did pass the licensing bureau's eye test last year.

A. Your husband's vision could be at the root of his recent driving accidents.

The "eye test" given at the driver licensing bureaus is actually a screening test and no substitute for a thorough eye examination.

Also, if it has been a year or more since your husband had even the screening test, a vision problem could have developed.

Your optometrist will examine his eyes for eye disease, for common vision problems and for any lack in vision skills needed for driving. Be sure to tell the optometrist about the accidents and how they happened.

Note also any job changes that might be putting added stress on your husband's eyes. Hours of staring at a computer screen, for example, could temporarily blur distance vision needed to drive home safely. Whatever the cause, it is important to get to the root of the problem.

TV Acting Workshop

AT P.B.T.

What processes are involved in Television Production? Students of the ages 8-18 can unravel the mysteries of T.V. production at Priscilla Beach Theatre's T.V. Acting Workshop beginning October 21st through December 9th, Saturdays from 11:00 a.m. to 1:00 p.m. Students can register and obtain applications for this unique class by calling Priscilla Beach Theatre's Administration Office in Plymouth at 224-4888.

This 8-week workshop, led by professional filmmaker Kate McMorris, a resident of Boston, will focus on developing writing, acting and performing skills in a hands-on experience of creating a live T.V. Production. Students will conceive format, script, perform and shoot their own show. The theme of the project will be a group decision. The workshop will culminate in the performance of an original work on December 9th for a public audience in the Theatre's Studio theater at 10:30 a.m., as well as being aired on Channel 3 Adelphia Communication Network, Plymouth, MA.

Kate McMorris, a graduate of Emerson College, is an award-winning filmmaker. She has worked on all aspects of video and film for Boston and New York production houses.

"The goal of the workshop is to merge writing abilities with a young person's acting talents", states Priscilla Beach Theatre Producer Anne Joelle. person to remain at work and to live at home while participating in an intensive outpatient treatment program.

Designed to provide comprehensive treatment with a convenient approach, the program consists of 12 group evening sessions held over a four week period. Compatible with the AA (Alcoholics Anonymous) philosophy, treatment in the Intensive Outpatient Substance Abuse Program at Parkwood Hospital is provided by a team of specialized mental health professionals headed by a psychiatrist. The program is designed to meet the special needs of people who are making an initial attempt at treatment after a recent diagnosis of substance abuse, who have recently been discharged from a detoxification program, who have had a recent relapse or who sense they are in danger of relapsing.

Parkwood also offers other outpatient substance abuse services including aftercare groups, educational programs and therapy.

Affiliated with St. Luke's Hospital of New Bedford, the medical staff of psychiatrists and psychologists at Parkwood Hospital are all members of the St. Luke's Department of Psychiatry.

For more information or for an assessment call Parkwood Hospital at 995-4400 and ask for extension 550. Each person seeking treatment will receive a comprehensive evaluation which will be arranged quickly, conveniently and confidentially. Once accepted a person can start the program almost immediately. Services are also covered by most health insurers, including Medicare and Medicaid.

hospital's White Home Living Room.

The course, developed and taught by Elisa Giaquinto, R.N., M.S., Clinical Nurse Specialist in Gerontology, was offered for the first time to interested nurses at the hospital. It featured an in-depth study in the biology, sociology and psychology of aging with special emphasis on the hospitalized patient.

"St. Luke's now has over twenty-five nurses working in various patient units with specialized knowledge in Gerontology", said Mrs. Giaquinto, who is a Certified Social Gerontologist, a specialty combining health care with the sociology of aging. "In a community with a greater share of elderly than others in the state, New Bedford is fortunate to have these health care professionals who are now better prepared to understand and meet the needs of our aging patients."

Because the new course in Gerontological Nursing was so well received it will be offered again at St. Luke's Hospital of New Bedford and may be opened to interested health care providers in the community. Anyone interested in learning more about the course should contact Mrs. Giaquinto at 997-1515.

New Bedford Whaling Museum

The New Bedford Whaling Museum, 18 Johnny Cake Hill, New Bedford announces the opening of a new exhibition, "Herbert L. Aldrich: A Photographer of the Arctic Whaling Fleet". The exhibit, which will be on view from October 16th through January 28th, marks the one hundredth anniversary of the publication of Aldrich's book, Arctic Alaska and Siberia - or Eight Months with the Arctic Whaleman. This was the first photographic documentation of the whaling fleet's activities in the western arctic.

1989 CHRISTMAS CUP PLATE RELEASED

The fourteenth annual Christmas Cup Plate (TM) will be issued by The New Bedford Glass Museum, creator of the original limited edition Pairpoint glass plate in 1976, on October 1.

The 1989 Christmas Cup Plate honors the great 19th century American sculptor, Thomas J. Pairpoint. The design is adapted from an original Thomas Pairpoint bronze sculpture in The New Bedford Glass Museum's collection, the monumental Stag.

The 1989 Christmas Cup Plate will be released to Museum members exclusively for the first week, and to the general public beginning October 8th. Over the years, the NBGM Christmas Cup Plate has been one of the most popular series of Pairpoint collectibles, with older plates appreciating to substantial values. This year's Plate will be issued in emerald green and perhaps one other colored glass.

Romanticized by the 19th century fervor for the American wilderness, The Stag is depicted as the king of the forest, surveying his domain from a rocky precipice.

Thomas Pairpoint, by the time of the Philadelphia Centennial Exposition of 1876, was considered the greatest American sculptor working in silver. His masterpiece for the Exposition was The Centennial Cup, a tour de force of sterling silver commissioned by The Gorham Company of Providence. The Centennial Cup was heralded then as the greatest work of silver ever created in America.
